## **The 9th China Changchun International Ceramics Symposium Call for Ceramists**

Respected Ceramists:

On the occasion of early spring, I would like to extend our sincerest greetings to you!

As a member of IAC, Changchun International Ceramics Gallery has successfully hosted the China Changchun International Ceramics Symposium (the Contest) for 8 times since 2011. The Symposium has attracted the attention of artists around the world. 220 ceramists from 51 countries and regions have participated in the Symposium (Contest), who had created more than 800 ceramic works with distinctive themes, prominent features, diverse techniques and different styles. All these works have highlighted the characteristics of Changchun Ceramics Symposium in terms of "internationalism, universality and diversity" and has had great influence at home and abroad.

The 9th China Changchun International Ceramic Symposium, scheduled to be held in August in Changchun, was greatly affected by the outbreak of the COVID-19 pandemic this year. However, in order to better promote the development of ceramic art, the organizer of the activity decided to hold the 9<sup>th</sup> Symposium by mailing the selected works to the organizing committee (The ceramists should mail their selected works to the organizing committee).

Through various channels, we learned that you have been engaging in ceramic art creation for many years, and your works are very popular in various countries. We sincerely invite you to participate in the 9<sup>th</sup> China Changchun International Ceramics Symposium held in Changchun this year.

We are looking forward to hearing from you!

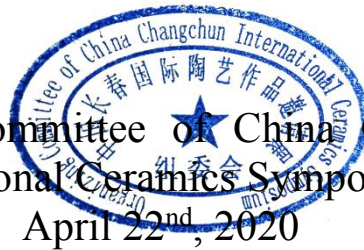

Please find attachments of *The Instruction of the Symposium* and *The Registration Form*.
